

MARCO ZANOTTI

I am a machine learning engineer and data scientist with broad knowledge in time series analysis, forecasting, anomaly detection, and econometrics. I specialized in developing and enhancing business forecasting processes and practices. Over the years I developed and contributed to core forecasting systems in sectors like e-commerce fashion, airline, tourism and travel. I also guided and mentored junior colleagues in developing predictive models that enable accurate forecasting. I am passionate about advancing the field of forecasting and fostering collaboration between academia and industry. I do academic work in forecasting, and I am a member of the International Institute of Forecasters. Recently I have enjoyed teaching professionals and university students about time series analysis, machine learning, programming, and statistics.

PROFESSIONAL EXPERIENCE

- Data Scientist, Forecasting Specialist**
Wanan Luxury - E-commerce Fashion - Full remote 📍 Rome, Italy
2025
|
2024
- Data Scientist**
Blogmeter - Digital Services - Hybrid 📍 Milan, Italy
2024
|
2021
- Data Scientist**
T-Voice - Digital Services - Full remote 📍 Milan, Italy
2021
|
2020
- Junior Data Scientist**
Uvet Amex GBT - Tourism and Aviation - Hybrid 📍 Milan, Italy
2020
|
2017

TEACHING EXPERIENCE

- Adjunct Professor**
Education - Hybrid
current
|
2019

I teach modern time series forecasting, machine learning, coding, and statistics in both Master and Bachelor degrees at the University of Milan, and in other major Italian universities

EDUCATION

- Ph.D., Statistics**
University of Milano-Bicocca 📍 Milan, Italy
current
|
2022
- Post-graduate, Data Science for Economics, Business and Finance**
University of Milan 📍 Milan, Italy
2018
- M.Sc., Economics and Finance**
University of Milan 📍 Milan, Italy
2017
|
2015
